

What is a Paint Party?

A paint party with "The Paint Roller" is a social event that inspires creativity in a relaxed and upbeat environment. Plus... it's just fun!

Absolutely no art skills are needed - you don't even have to know how to draw a straight line! We use acrylic paint, and pictures are pre-drawn on stretched canvas.

Everybody is welcome, from age 5 to 95, and all skill levels.

To get in on the fun, come to one of our events at great local establishments, or host an event of your own!

About Us

The Paint Roller started in 2015 with the goal of spreading the joy of painting. We don't think of ourselves as teachers - that's why we call our events "parties" and not "classes." We create an environment where imagination and fun happens.

We support our community! We work with school districts and civic and cultural organizations to bring art to the public.

Thank you, Kathy and Rich
